

Encore

275 sqm | 29.5 squares

Evoking a Contemporary style, this home is something different, with its large, beautiful north facing family room. It features the master suite, privately located, towards the front with a generous ensuite and wardrobe. This plan is a spacious home that is designed to maximise usable space with its intergrated living area, kitchen and additional rumpus room that spills out on to a large alfresco for entertaining or relaxation.
